N26

Helping you achieve your financial goals.

N26 offers mobile banking solutions to customers in the European Union through its subsidiary. It provides international money transfer, investment, overdraft, and cash withdrawal and deposit at stores.

N26 provides mobile banking services for customers. Its mobile banking services offer online banking that include making and handling of current accounts, fixed accounts, and other banking services, letting customers manage and control their banking details via a smartphone application easily.

Maximilian Tayenthal and Valentin Staff founded Papayer in February 2013, which later became N26, with its headquarters in Berlin in Germany.

N26 Bank offers the first bank account in Europe that you can manage entirely on your smartphone.
